Artemis 2-in IC Rated

FEATURES & DIMENSIONS

Engineered for precision accent lighting,
this Architectural 2″ recessed luminaire features
a high-output light source encased in a compact housing.
The fixture includes a 36-degree optical lens for wide beam distribution,
while an white reflector minimizes glare and maximizes contrast for a dramatic visual effect.
The adjustable mechanism allows for precise aiming to highlight art or architectural details.
For flexible lighting design, alternate 24-degree and 55-degree lenses are available separately.
