Artemis 3-in IC Rated

FEATURES & DIMENSIONS

Engineered for precision accent lighting, this Architectural 2" recessed luminaire features a high-output light source encased in a compact housing. The fixture includes a 36-degree optical lens for wide beam distribution, while an soft gold reflector minimizes glare and maximizes contrast for a dramatic visual effect. The adjustable mechanism allows for precise aiming to highlight art or architectural details. For flexible lighting design, alternate 24-degree and 55-degree lenses are available separately.

CONSTRUCTION

Die Form Aluminum & Steel.
